From now ON... a new mindset in epilepsy treatment

10:30 - 11:30	New approaches in epilepsy treatment: latest news and trends Round table Here and now: overview of the current guidelines and literature update What we are doing now: Anti-seizure medicines sequencing and chances of success	<i>A. Aledo/C. Adelöw/ S. Lattanzi</i>	
12:00 - 13:35	Cenobamate: the journey from clinical trials to clinical practice		
12:00 - 12:15	Cenobamate's distinctive pharmacological and clinical profile: how does it fit with the current treatment gaps?	<i>B. Steinhoff</i>	
12:15 - 12:40	Long term efficacy and safety data	<i>L. Sander/S. Scott</i>	
12:40 - 13:05	From randomized clinical trials to early access programme to clinical practice: what have we learned so far?	<i>N. Delanty/V. Villanueva</i>	
13:05 - 13:25	Is earlier better? The place of cenobamate in anti-seizure medicine sequencing	<i>G. Luef/A. Schulze-Bonhage</i>	
13:25 - 13:35	Q&A	<i>All</i>	

From now ON... new perspectives in epilepsy treatment

14:05 - 14:20	Bringing new approaches into practice: time for a new mindset	<i>P. Klein/B. Steinhoff</i>	
14:20 - 16:15	Workshop: Applying COM-B model to new anti-seizure medicines adoption	<i>P. Klein/B. Steinhoff/ L. Sander/B. Schmitz</i>	
16:15 - 16:30	Take home messages from workshop	<i>P. Klein/B. Steinhoff/ L. Sander/B. Schmitz</i>	
16:30 - 17:00	Closing and take home messages Day 1		

 Session available online

STEERING COMMITTEE

P. Boon
P. Klein
L. Sander
B. Steinhoff
V. Villanueva
R. Kaminski - Angelini CSO

FACULTY

C. Adelöw (Nordics)
A. Aledo (SP)
P. Cabezudo (SP)
N. Delanty (IE)
P. House (DE)
S. Lattanzi (IT)
G. Luef (AT)
B. Schmitz (DE)
A. Schulze-Bonhage (DE)
S. Scott (UK)

AGENDA DAY 2

From now ON... new goals for people with uncontrolled focal onset seizure epilepsy after 2 anti-seizure medicines

09:00 - 09:30	Opening and day 1 recap	Steering Committee members
09:30 - 12:00	Cenobamate in people with uncontrolled focal onset seizure epilepsy after 2 anti-seizure medicines: hints from daily practice	
	Social Sharing:	
	1. Efficacy in clinical practice (30')	A. Aledo/N. Delanty
	2. Safety and co-anti-seizure medicines management (30')	P. House/V. Villanueva
	3. Dosing and titration scheme (30')	P. Cabezudo/S. Lattanzi
	4. Psychiatric comorbidities (30')	C. Adelöw/L. Sander
	5. Expert peer to peer sharing (30')	B. Steinhoff
12:00 - 12:30	Social Sharing Discussion	Faculty members
13:30 - 15:30	Clinical cases presentation and discussion	V. Villanueva + Faculty members

From now ON... a new day for people with uncontrolled focal onset seizures epilepsy after 2 anti-seizure medicines

15:30 - 16:30	A commitment to people with drug resistant epilepsy: bringing cenobamate into clinical practice	Steering Committee members
16:30 - 17:00	Closing remarks	Steering Committee members

All time are in CET

Session available online
